FEBRUARY 27TH AT RICC

The Chili Festival Group was inspired by a few individuals who have a passion for cooking, competition, community, charity and having a great time with others. Our Mission is to ensure that everyone wins by cooking, competing, attending, exhibiting, sponsoring, fundraising, participating, tasting, voting, and learning about chili!

In addition to the mission of the Chili Festival Group, a major goal is to provide the International Chili Society (ICS) Chefs winter venues in cold weather climates, thereby creating more opportunities to advance during the year ultimately leading up to the World Cookoff held once a year.
